

# Letter of Recommendation

August 13, 2025

**Awards of Excellence Committee  
City of Vancouver**

As President of Denman Place Mall, I am pleased to confirm the accomplishments outlined in Gabriel Dalton's nomination. I have worked closely with Gabriel and can attest to the accuracy of the results described.

His work has saved us hundreds of dollars each year by securing free access to premium tools such as Google Workspace, Canva for Nonprofits, and Google Ads credits. These resources have reduced our operating costs and provided our tenants with valuable tools at no additional expense.

Gabriel also redesigned our website, improving its speed, accessibility, and sustainability. According to Website Carbon, our homepage's rating improved from B (877 kWh/year and 336.19 kg CO<sub>2</sub>/year) to A (154 kWh/year and 61.98 kg CO<sub>2</sub>/year) — an 82% reduction in both energy use and emissions. This is the equivalent of saving 723 kWh annually, avoiding 274.21 kg of CO<sub>2</sub>, or preventing 4,632 km of electric-vehicle driving.

These contributions have strengthened our operations, reduced our environmental impact, and provided lasting benefits to our tenants and the wider West End business community. If you have any questions or require additional information, please contact me at [marketing@denmanplacemall.com](mailto:marketing@denmanplacemall.com) or +1 (604) 808-7897.

Sincerely,

Farooq Khan

President, Denman Place Mall

1030 Denman St, Vancouver BC V6G 2M6
