

Letter of Recommendation

To Whom It May Concern,

I am pleased to recommend Gabriel Dalton for his outstanding work with Reforest. Gabriel made significant contributions by improving our SEO and refining the English grammar in our content, which had a noticeable impact on our online presence and supported our mission to plant over 680,000 trees globally.

His attention to detail, strategic thinking, and dedication helped us increase our reach and progress toward restoring ecosystems worldwide. Gabriel's passion for sustainability and his commitment to delivering high-quality results make him an asset to any organization. I am confident he will bring the same level of expertise and dedication to any role he takes on.

Best regards,
