

To Whom It May Concern,

I am writing to recommend Gabriel Dalton for any web development or sustainability positions he is applying for. Gabriel has served as the Website Developer & Head of Sustainability of Mittler Senior Technology for almost a full year, and his contributions have had a significant impact on our organization.

Mittler Senior Technology is the world's premier computer & smartphone education service for senior citizens. Over the past seven years, we have dedicated ourselves to helping thousands of seniors across the globe stay connected and improve their quality of life in today's digital age. We offer live, recorded, and virtual courses designed to teach seniors how to navigate their technological devices in the most effective and efficient ways possible.

Gabriel's main project with us thus far has been the complete redesign of our website ([mittlerseniortech.com](http://mittlerseniortech.com)). His efforts have resulted in a much cleaner, more modern, and more user-friendly site. The new design has significantly enhanced the user experience, especially for seniors who often face challenges navigating the World Wide Web. Gabriel's expertise in website creation is evident in every aspect of the site. He has made it easier to navigate, more accessible, and visually appealing, which has been crucial in helping us reach and assist more seniors.

Beyond his technical skills, Gabriel has always been extremely responsive and attentive to our needs, always willing to incorporate my very particular comments and feedback. His prompt communication and ability to troubleshoot and resolve issues efficiently have been very helpful.

Moreover, Gabriel has brought a unique perspective to our team by leading (and founding) our sustainability department. He has raised awareness about sustainable practices and integrated these principles into our digital strategy.

Gabriel Dalton is an outstanding web developer whose work has significantly benefited Mittler Senior Technology. His dedication, technical skill set, and leadership in sustainability make him an exceptional candidate for any organization. I am confident that he will continue to excel and make meaningful contributions wherever he is hired.

Please feel free to contact me if you have any further questions about Gabriel's qualifications and contributions.

Best,  
Jordan Mittler  
Director & Founder
